TO THE NURSERYMAN OR FLORIST:

The above plants are native of an arid or semi-arid climate and yet stand our zero snaps uninjured. They respond magnificently to cultivation and water. Try them.

CERTIFICATE OF NURSERY INSPECTION.

This is to certify that I have examined the nursery stock of F. T. Ramsey's Austin Nursery, Austin, Texas, and find it apparently free from dangerous insects and dangerously contagious tree and plant diseases. This certificate to be void after July 31, 1908.

SAM H. DIXON, Inspector.

Approved: R. T. MILNER, Commissioner.
Austin, August 6, 1907.

I also have the Oklahoma certificate.

I guarantee my trees to stand inspection in California or any other State.
